HAILE CLUB HAD TREE.

Enjoyment and Surprise at Their
Christmas Meeting.

The Haile club made its regular
meeting on Wednesday evening this
week one of special interest through
holding a party with a Christmas tree.
There were gifts for each one of the
large number attending, which included
three new members.

The pleasant club quarters in the
Chapman building on Broadway were
appropriately decorated and the
Christmas spirit that prevailed filled
the room with merriment, particularly
when some of the gifts were opened
and the Christmas surprises were re-
vealed.

BANQUET AT WAUREGAN.

Armour & Co.'s Force Made Away
with Fat Turkey and Other Things.

At the Wauregan Thursday evening,
employees of the Norwich branch of
Armour & Company with a number
of friends and guests from this city
and New London met for a congenial
turkey supper, the bird for which was
supplied through the courtesy of Clar-
ence F. Sevin. There were 14 present
and although everyone had something
to say after dinner, the general opin-
ion seemed to be that the brightest and
best of the speeches were by W. C.
Fathie, New London and Hugh Mc-
Comb, John Hotchkiss and T. J. Dunn.
A programme of selections on an Edi-
son machine loaned by the Porteus
& Mitchell company was also appre-
ciated by the banqueters.

The South has approximately 240-
100,000 acres of undeveloped land.

ford hospital and is not seriously hurt.

At Westford the other day, Mrs.
John Scarborough shot a deer, and
with the assistance of her father, who
is eighty-three years of age, dragged
it to the house and dressed it off.
She will have the hide tanned for
a rug as a souvenir of her prowess.

The worst damage to the life and
property ever done by a wind storm
in Connecticut was that of the Wall-
ingford tornado of August 9, 1873, when
twenty-eight people were killed, forty-
two injured and damage to property
amounted to between \$150,000 and
\$200,000.

Pitying so many cats neglected by
their owners, Capt. Charles A. T.
Potter of Norwich, cut a hole in the
door of his Noank bungalow big
enough to admit a pussy. On a vis-
it to the house, he found a cat
enjoying the shelter, some was having
printed above the entrance, "Hotel de
Cats."

AT THE DAVIS.

Vaudeville and Photoplays.

Triangle plays and three Keith acts
made up another top-notch programme
on Thursday. Messrs. Wilbur and Jor-
dan put on a clever acrobatic act with
a kind of military time that was de-
cidedly clever and the trio of Heine,
Washburn and Geer contributed a
minstrel act with a combination of
singing, dancing and jokes that took
well with the houses. The comedy
act in which Madeline Shore, shines
and her company, too, got a good hand.
The Iron Strain, with Dustin Farnum
as the central feature was very good
indeed, and stands out among the sea-
son's photoplays.

mas holidays.

AUTO CHEMICAL SHIFTS
TO MAIN ST. STATION
Some of the Firemen Transferred, Too
—Two of the Horses Sold.

By orders which went into effect
Thursday afternoon, the combination
auto chemical apparatus, which has
been at the Central station for the past
four years, was shifted to the Main
street station and the combination
wagon from that station was taken
to the station of Engine company No. 2
for active service in the Greenville
district. The changes and the increased
efficiency resulting from them are
owing to the new motor pump.

The men to be transferred from the
Central station Engine company No. 1,
were John Blackburn, John J. Lynch
and Arthur Buckley to the Main street
station, and there will be brought into
the Central station from the Main street
station by the transfer of the Combination
Chemical company Dennis Brennan to
Engine company No. 1.

Frank Tuttle has been transferred
from call man on Engine No. 1 to
call man on Engine No. 2. Henry
Armstrong has been transferred from
call man on Engine No. 2 to call man
on Engine No. 1.

The fire commissioners have sold
two of the horses used on Engine com-
pany No. 1, to the State of New York,
wood Raymond and Tamo, a white
horse, to the Stoddard Gilbert com-
pany. The others of the five adver-
tised it is expected will be sold in
short time and with the proceeds it is
hoped to buy an automobile for the
chief.

In regard to the fire horses, with
the passing of 1915 comes a change,
writes C. A. S., that will bring sad-
ness to many a heart and while this
change is in the nature of a radical ad-
vancement it is none the less sad-
dening to those of more or less senti-
ment.

Romy and Rem, the two noble gray
horses at the Chemical No. 1 station,
in what in olden times was known
as the Blackstone horse house, will
leave their fire department duties
shortly after the new year is
ushered in and in their stead that
latest and more practical speed prop-
erty, King Gasoline, will whirl Capt.
Connel and his trusty fire fighters to
the future fires. The autochemical will
supplant the present horse-manned
apparatus at this house.

For thirteen years, or, to be exact,
from May, 1902 Romy and Rem have
done their duty well and faithfully, in
season and out, rain or shine, but mu-
nicipal advancement now demands
their retirement after thousands of
miles covered at top speed to answer
pompously duty call.

Who will become their new owner
is as yet problematical, but it is safe
to predict that whoever buys them
will find these sturdy creatures will be
willing and faithful in their declining
years as ever.

Connecticut Patents.
The list of patents issued to Con-
necticut inventors, reported by Frank
H. Allen, patent attorney, follows:

Writing machine, No. 1,111,111, to
Hartford, patent holder for typewriters;
John T. Austin, Hartford, shutter
mechanism; William A. Bernard, New
Haven, hand tool; Lewis W. Felt,
Hartford, typewriter; Myrtle, music leaf
turner; Norris E. Clark, Plainville, metal
working machine; Winthrop A. Clark,
Stamford, typewriter; Henry W. Felt,
Bridgewater, grease gun; Hubert C.
Hart, Unionville, poultry roost; Har-
rison H. D. Helber, Simsbury, safety
cutoff for electric railways as shown
of Savannah.

William H. Kingston, New Haven,
manufacture of celluloid covered ar-
ticles; Robert C. Legat, New Britain,
safety device for punch presses; Gus-
tav Falco, Bridgeport, combined table
and chair; Wm. W. Parsons, New
Britain, hinge for doors; James P.
Pulgar, Hartford, horsehoe; Clinton
E. Woods, Bridgeport, talking machine.

Illuminated Sign for Baptist Church.
An electric sign, 16x3 feet in size
and having on it the words Central
Baptist Church, in oxplex letters, 10
inches high, was placed on Thursday
above the main entrance to the Central
Baptist church by Contractor F.
E. Beckwith.

The illuminated sign idea is taken
from the west and is an innovation in
the east. While on a visit to his
daughter, Mrs. Henry B. Osgood, of
Norwich, Mr. Beckwith saw the sign
above the entrance to the church
which Mrs. Osgood attends. Mr. Beck-
with recommended the erection of such
a sign to the Central Baptist church
and has materialized through volun-
tary subscriptions by the attendants
of the church. The sign was manu-
factured by a Buffalo concern, is
in black enamel trimmed with alu-
minum and will require about 20
candle power lamps. The sign will be
illuminated when there are services in
the church and on special occasions.

Herbert R. Kind Elected Vice President
Herbert R. Kind of this city was
elected vice president of the Actual
Past Masters' association of the Eighth
Masonic district at the annual meeting
held in New London on Wednesday
evening. The officers elected were as
follows: President, Arthur Nash, West-
bury; vice president, Herbert R. Kind,
Norwich; treasurer, Volney Brown,
Middletown; secretary, Courtland Darrow,
Niantic.

President Charles C. Perkins of New
London presided. The program of
the next meeting and the appoint-
ment of committees for the year were
in the hands of the president. The
degree of the Actual Past Masters' As-
sociation was worked and the ban-
quet was followed by an entertainment
programme. The meeting was held in
the Union lodge rooms.

Coming to Fort Wright.
Col. Willoughby Walke is to be the
new commanding officer of the coast
defenses of Long Island sound, and
headquarters at Fort H. G. Wright,
Fishers Island. Colonel Walke has
been stationed at the coast defenses
of Savannah.

He is expected within a few days to
assume command. When Col. John D.
Barrett left Fort Wright and the
command of these coast defenses sev-
eral months ago, no one was sent to
take command. Major Hero, who had
been commanding officer at Fort Ter-
ry, succeeded to the command of the
district and has been in charge since.

MEDICAL INSPECTION OF NEW TOWN

Proposition to Appropriate \$900 More to Pay for Inspection of Norwich School Children Was Voted Down by 32

Votes to 16 and Special City and Town Meetings Pro- posed to Vote on Making School Inspection Part of the

Health Officer's Work—Much Legal Discussion Thurs- day Night.

The legal lights of Norwich—those
of the term that was used—had turned
over many books before they came to
town meeting Thursday night to talk
medical inspection in the school of
Norwich, and so primed were they
with statutes and public acts and
questions of constitutionality that the
medical aspects of that situation were
scarcely overshadowed. At least,
the lawyers did considerably more
talking than the doctors, who of course
are expected to be the chief speakers.

The question of the school inspec-
tion of the town of Norwich was
brought up at the town meeting held
Thursday night, and the proposition
to appropriate \$900 more to pay for
inspection of the school children was
voted down by 32 to 16, after the sug-
gestion had been made to hold special
meetings later to turn over by vote of
the citizens the duties of the school
medical inspector or inspectors to
the health officers.

Resolution for \$900 Additional.
Henry H. Pettis, town counsel, acted
as moderator of the meeting, and in
quest of Selectman C. K. Bailey called
the meeting to order at 8, and Town
clerk Holbrook read the call. Presi-
dent Holbrook then called the meeting
to order and the town clerk read the
call. The question of the school inspec-
tion of the town of Norwich was
brought up at the town meeting held
Thursday night, and the proposition
to appropriate \$900 more to pay for
inspection of the school children was
voted down by 32 to 16, after the sug-
gestion had been made to hold special
meetings later to turn over by vote of
the citizens the duties of the school
medical inspector or inspectors to
the health officers.

Authority of State Secretary.
Town Counsel Pettis said, in regard
to Secretary Hine's position, that the
town cannot give him his certificate if
the school inspector is not appointed,
and that the town cannot give him his
certificate if the school inspector is not
appointed, and that the town cannot
give him his certificate if the school
inspector is not appointed.

President Murphy said that Attorney
Barnes was clever in giving his inter-
pretation of the law, but there is a
diversity of opinion there among the
lawyers. The president and secretary
of the school board must give their
advice to the board of health, and the
board of health must give its advice
to the board of health, and the board
of health must give its advice to the
board of health, and the board of health
